Welcome to Mauve Group, where global success begins with first-hand knowledge.

We know that in today's increasingly globalised world of work, expanding your business' horizons can be vital to its success. But compliantly and securely moving staff abroad can seem overwhelming. This is where Mauve's comprehensive Global Visa and Immigration service comes in.

Our Global Visa and Immigration service means you can:

Make the Right Choice: Choose between our Employer of Record service – which can help you mobilise employees abroad and hire them in-country, and our Corporate Visa and Immigration service – which can help you move employees abroad when you have a registered presence in-country.

Take Your Business Further: Using our in-country expertise and worldwide network, we advise on the best immigration routes, and carry out your work permit, global visa, and residency applications.

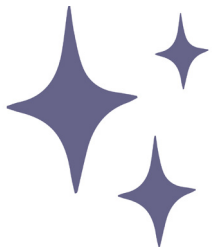

Gain Expert Advice: Leverage Mauve Group's expertise on complex global visa and immigration regulations.

Assess Risks and Ensure Compliance: Our Immigration Risk Assessments identify potential issues and make recommendations to help you comply every step of the way.

Enjoy Faster Approvals: Our expert team assesses and submits all necessary documents on your behalf and tracks your applications' progress via our consular connections.
